Sans Souci
Seaside Resort.

The pleasantest, quietest, shadiest and
most perfectly appointed seaside resort on
the Islands. It is only four miles from the
heart of the city and within easy reach of
the tramcars, which run every twenty
minutes or oftener. Elegantly furnished
detached cottages or rooms are obtained on
easy terms. The table is superior to that
of any of the city hotels and all the modern
conveniences are provided.
Picnics and bathing parties can obtain
extra accommodations by telephoning in
advance.
The bathing facilities of Sans Souci are
superior to those of any place on the
beach. 4157-1f

WHERE DANGER LURKS.

A Tour of Inspection of China-
town.

VIGILANCE IS THE KEYNOTE.

The Removal of Garbage—Leaky
Water Pipes—Cesspools in Dining
Rooms—A Place That Needs At-
tention—Dredger Work on Nuanu.

One of the most interesting
topics of discussion in the Board
of Health meeting yesterday was
the inspection of the Chinese dis-
trict for the purpose of having the
place as free from causes of disease
as possible.

The resignation of G. W. R. King
as health inspector was, to a cer-
tain extent, the cause which led up
to the discussion.

What is known as Chinatown
takes in the Ewa side of Nuanu
street and runs from the sea to
Beretania street, and it was within
these borders that the citizens'
committee, during the cholera
scare, worked hardest to keep clean.
While known as Chinatown, a visit
to the district will show that the
population is nearly equally di-
vided between Hawaiians and
Asiatics.

The difficulty in keeping this
section of the city in good sanitary
condition was explained to an
ADVERTISER representative by Med-
ical Inspector Wayson while
going the rounds yesterday. In
nearly every building the closets
and cesspools are in such close
proximity to the living rooms that
unless they are kept absolutely
clean and fumigated they will, at
least, develop certain diseases, if
not contagious ones.

A restaurant on Nuanu street,
south of King, has a closet within
a half dozen feet of a dining table
and directly adjoining the pantry.
In another the closet was so con-

venient to the kitchen and the
street that it was ordered closed
up, and another, a few feet further
off, was opened up.

Some of the stores and dwellings
in this section are of two stories,
the upper floors being occupied by
one family and the lower floor by
another, tenement fashion and it
is in these where the greatest
difficulty is encountered. The pipes
leading to the top floors are often
of poor material and make and the
drippings from these pipes keep
the ground below in a moist state
at all times. In the absence of
pipes for carrying away waste
water, the occupants of these
houses throw the water from the
upper verandas to the ground with-
out considering the danger or res-
pecting the comfort of the persons
below.

Among these people there is
more or less trouble in the matter

A MICROBE PLANT MAUKA OF QUEEN STREET EXTENSION.

cleanly; made so, probably, by the
vigilance of the health officers, for,
with a knowledge that the inspec-
tor is likely to come in at any time,
they are careful to keep their places
reasonably tidy. In none of the
places were found accumulations of
garbage—the stuff had all been put
outside—so that if there was cause
for complaint, the responsibility
would fall upon the wagons.

On the mauka side of Queen
street, along the new extension of
that thoroughfare, is, perhaps, the
best microbe producer to be found
anywhere on the islands.

The little bay which extended to

and back of the tumble down shed
shown in the sketch was a house
in which there were several cases
of cholera during the siege last
summer. All that remains of the
house now is a few charred sticks.
One or two of the houses in the
group are unoccupied by orders of
the Board of Health and this
branch of the Government has
supplied the people with homes
since then at a considerable
expense pending the time the own-
ers of the property would have
the place filled up. At yesterday's
meeting of the Board the secretary
was ordered to notify the owners to
put the place in proper condition
or it would be done by the Board
and the expense charged to them.
Another place that has caused

A MICROBE PLANT MAUKA OF QUEEN STREET EXTENSION.

considerable uneasiness among the
people in the vicinity is on King
street, where the dredger-pipe dis-
charges into the old bed of Nuanu
stream. Yesterday the pipe, as
shown in the sketch, was discharg-
ing quantities of dirty water and
mud, but it was absolutely odorless
and its danger as a fever producer
is not apparent.

Under the new assignments this
district will be under the super-
vision of N. P. Jacobson who has
proven a valuable acquisition as
an inspector of the districts on the
Ewa side of Nuanu stream. It
will be arranged so that he can
visit the crowded section once daily
and the country districts less
frequent.

That the Board of Health can
keep the city free from disease in a
section as crowded as this, where
the law governing cubic space al-
lowed to each individual is pro-
minent in its absence, and where
there is absolutely no sewerage sys-
tem, borders on the miraculous.

CLEVELAND FAVORS IT.
Nicaragua Canal Measure Meeting
With General Approval.

WASHINGTON, Jan. 21.—The
House Committee on Commerce to-
day voted to report to the House
the resolution introduced yesterday
by Doolittle of Washington request-
ing the President to transmit to
Congress the report of the commit-
tee which investigated the Nicara-
gua canal last summer. A clause
was inserted, "If not incompatible
with the public interests."

Members of the House who have
talked with President Cleveland
upon the canal within a week, as-
sert that he favors the general pro-
ject, but wants an arrangement by
which the government's risk of
financial loss will be minimized.

The largest battleship in the
world will soon be launched at
Blackwall, England. It has been
built for the Japanese Government,
and will be called the Fuji, instead
of Fusi Yama, as originally intend-
ed. It is 400 feet long, 73 feet
broad and 44 feet deep, and is pro-
tected by Harveyized armor plates.
